29 Statement on the application of Corporate Governance

29.1 Application of Corporate Governance principles

In 2012, CIECH S.A. applied the Code of Best Practice for WSE Listed Companies (hereinafter referred to as the Code of Best Practice for WSE Listed Companies). The corporate governance principles are available on the website on corporate governance of the Warsaw Stock Exchange (<http://corp-gov.gpw.pl/>) and on CIECH S.A.'s corporate website (<http://www.ciech.com>) in the section dedicated to the Company's shareholders: Investor Relations, Corporate Governance tab.

CIECH S.A. operates a corporate website that provides reliable and useful information about the Company for the equity market. The website's content is transparent and reliable, allowing investors and analysts to make decisions based on the information presented by the Company. The Company provides all stakeholders with equal access to the information published on its website. According to section II item 1 of the Code of Best Practice for WSE Listed Companies, the Company also supports an English language version of the website. The Investor Relations section includes several tabs with all current and interim reports published by the Company. In addition, the website features a tab with best practice of the Warsaw Stock Exchange. The corporate website provides information on the dates of general meetings, draft resolutions and full documentation presented to the shareholders during general meetings.

In 2012, CIECH S.A. applied the *comply or explain* principle, as detailed in chapters II, III and IV of the Code of Best Practice for WSE Listed Companies.

With regard to chapter I of the Code of Best Practice for WSE listed Companies, which includes Recommendations, two sections require a comment.

In compliance with the recommendation, CIECH S.A. has a remuneration policy which defines the form, structure and level of remuneration, including remuneration for members of management and supervisory bodies in the Company. The remuneration system is transparent and ensures that the remuneration paid to top managers is linked to the financial results achieved by the Company and the performance of the remunerated persons.

The European Commission's recommendations were not a basis for establishing the remuneration system in the Company and not all of the aforementioned recommendations have been implemented. The remuneration policy does not constitute a separate item on the agenda of the Ordinary General Meeting and is not subject to vote. The Company has not published a remuneration policy declaration on its website. However, a number of Company documents include information which should be contained in the declaration.

In CIECH S.A., the remuneration rules and amounts for the Members of the Management Board are established by the Company's Supervisory Board. The functions of the Remuneration Committee, as defined by the European Commission, are performed by the Remuneration Committee of CIECH S.A.'s Supervisory Board. The remuneration for the Members of the Company's Supervisory Board is established by the Company's General Meeting.

Another issue which requires explanation is the recommendation regarding the broadcast of general meetings using the Internet, recording the meetings and publishing them on a website. In the discussed reporting period, the Company decided not to implement the recommended direct broadcast of General Meetings or recording meetings and publishing them on its website. However, in order to ensure a transparent and efficient information policy, which would ensure a fast and secure access to information for shareholders, analysts and investors, the Company has used a number of communication tools.

29.2 Internal audit and risk management systems in the process of preparing financial statements and consolidated financial statements

The Management Board of CIECH S.A. is responsible for the internal audit system in the Company and its effectiveness in the process of preparing financial statements and interim reports, which are prepared and published in accordance with the principles laid down by the Ordinance of the Minister of Finance of 19 February 2009 regarding current and interim information submitted by the issuers of securities, and the conditions of recognising as equivalent the information required under the laws of a non-member state. The Company's effective system of internal audit and risk management in the financial reporting process operates based on the following:

- preparing procedures defining the principles and responsibility for compiling financial statements, including the responsibility for quality assurance,
- determining the scope of reporting based on the applicable International Accounting Standards (IAS) and International Financial Reporting Standards (IFRS) to be applied in the European Union as well as the related interpretations published in the form of Regulations of the European Commission,
- developing, implementing and supervising the application of consistent accounting principles in the Ciech Group's companies,
- semi-annual and annual audits of the published financial statements of CIECH S.A. and of the Capital Group by an independent auditor,
- financial statements authorisation prior to publication.

A Member of the Management Board responsible for financial matters supervises the process of preparing the company's financial statements and interim reports. The Finance Division, directly reporting to a Member of the Management Board of CIECH S.A., is responsible for organising work related to preparing the financial statements. The uniformity of the standards applied by the Group is ensured by the application of uniform accounting principles of the Ciech Group and uniform consolidation principles according to IAS/IFRS by all companies.

The scope of disclosures in interim reports results from the Company's accounting books and additional information submitted by particular organisational units of CIECH S.A. The Capital Group's companies deliver the required data in the form of reporting packages in order to prepare the Group's consolidated financial statement. The scope of disclosures within the Capital Group is defined and results from the disclosure obligations imposed by IAS/IFRS. Current IAS/IFRS monitoring is conducted to determine the need to update the scope of reporting.

Pursuant to the applicable laws, the Company's financial statements are reviewed and audited by an independent statutory auditor.

A statutory auditor is appointed by the Supervisory Board from a group of reputable auditing companies, ensuring high standards of service and the required independence. Agreements for auditing financial statements by a statutory auditor are concluded every year with an auditor appointed by the Supervisory Board. The Audit Committee, which is appointed as part of the Supervisory Board, supervises the financial reporting process, collaborates with an independent auditor and recommends an auditor to the Supervisory Board.

The Company operates financial statements authorisation procedures. Reports for Q1, 2, 3 and Q4 are not subject to auditing, these are approved by the Management Board before publication. Semi-annual and annual interim reports reviewed or audited by an auditor are submitted to the Supervisory Board and the Company's Shareholders. Annual statements approved by the Management Board, after obtaining the opinion of the Audit Committee and their evaluation by the Supervisory Board, are approved by the General Shareholders' Meeting.

Prior to the publication of the annual or semi-annual financial statements, the conclusions from the financial statements' audit are presented to the Audit Committee. The representatives of the Audit Committee analyse the audit's and the review's results during closed sessions held with the Company's auditor. In addition, a statutory auditor presents a Letter to the Management Board, containing recommendations for the Management Boards of the Group's companies, based on the results of the audit or review of a financial statement for a given year. The auditor's recommendations are discussed by the Audit Committee and the managerial staff of the Finance and Accounting Division with the aim of implementation.

The financial data forming the basis for the financial statements and interim reports originate from an accounting and financial system where all transactions are registered in accordance with the Company's accounting policy (approved by the Management Board), based on the International Accounting Standards. CIECH S.A.'s accounting books are kept in an integrated ERP IT system. The modular structure of the system ensures a clear assignment of responsibilities, consistency of accounting entries and consistency between the general ledger and the sub-ledgers. The properties of the system allow for its ongoing adjustment to the changing accounting principles and other legal regulations. The system contains a complete technical and functional documentation, which, pursuant to Article 10 of the Accounting Act of 29 September 1994, is periodically revised.

The access to information contained in the IT system is restricted to authorised employees only. The employees can only access those system areas in which they work. Access control is implemented at every stage, from entering source data, through data processing, to generating output information.

The efficiency of the applied procedures for audit and risk management in the process of preparing financial statements in CIECH S.A. and in the Ciech Group is confirmed by the high quality of financial statements and the opinions of statutory auditors on the audited statements, positive assessment by the target readers of the financial statements and top rankings in the competition The Best Annual Report, which is organised by the Institute of Accounting and Taxes under the auspices of the Warsaw Stock Exchange.

Appointing the entity authorised to audit the financial statements of CIECH S.A. and financial statements of the Ciech Group is a responsibility of the Company's Supervisory Board (after a preliminary recommendation of the Supervisory Board's Audit Committee), which has established the following appointment criteria to ensure that the opinion is unbiased:

- the entity authorised to audit financial statements may not perform audits for the Company/Group for more than 5 years in a row,
- the entity authorised to audit financial statements may return to performing audits for the Company/ Group after 2 years at the earliest,

- the key statutory auditor may not perform audits for the Company/ Group for more than 5 years in a row,
- the key statutory auditor may resume audits for the Company/ Group after 2 years at the earliest.

29.4 Shareholders with special control rights and their description

There are no securities in CIECH S.A. that are vested with special control rights with regard to the issuer. There are no preference shares, and each share is vested with one vote during the general meeting.

29.5 Restrictions regarding the right to vote

In CIECH S.A., there are no restrictions on exercising the right to vote such as the right to vote reserved for holders of a certain share or number of votes, time limits in exercising the right to vote or provisions pursuant to which, in collaboration with the company, equity rights vested with securities are separated from the holding of securities.

29.6 Restrictions on the transfer of the ownership title to the issuer's securities

CIECH S.A.'s statute does not provide for any restrictions regarding the transfer of the ownership title to the securities issued by the Company.

29.7 Description of rights to make decisions on the issue or redemption of shares

The provisions of the Commercial Companies Code and the Company's Statute define the rights of the managerial staff. The managerial staff do not have any special rights to decide on the issue or redemption of shares.

29.8 Rules for amending the issuer's Statute or Articles of Association

The Statute can be amended in accordance with the regulations of the Commercial Companies Code. The Statute does not introduce any detailed regulations in that regard. Amending the Statute requires a resolution by the Company's General Meeting and an entry into the register of entrepreneurs. The General Meeting's resolutions on amending the Company's statute are passed by a 3/4 majority of votes. After the entry of the amendments to the Statute into the register of entrepreneurs, CIECH S.A. issues a report available to the public. The General Meeting can authorise the Supervisory Board to standardise the Statute's text.

In 2012, § 6 section 1 of CIECH S.A.'s Statute was amended to the effect that the Company's scope of business was expanded. The said amendment (expansion) to the Company's business allowed the Company's Management Board to take measures aimed at concentrating the management of key areas of non-production activities of the Companies of the Ciech Group in CIECH S.A. (parent company), leading to optimised operating expenses of the entire Group. Another amendment to the Statute in 2012 was to § 7 section 1. The amendment was a result of the share capital increase in the Company from PLN 263,500,965 to PLN 263,500,975 by way of the issue of 2 series F ordinary registered shares in connection with the splitting of SODA MAŁY S.A. and of JANIKOSODA S.A. through the transfer to CIECH S.A. of an organised part of Soda Mały (Soda Division) and an organised part of Janikosoda (Soda Division). The change in the amount of the share capital was registered on 25 January 2013.
